MK3 Company Review

“Many thanks to CCI France Russie for the organization of regional business missions. These missions have already proved themselves as an effective platform for establishing and developing sustainable long-term public-private dialogue and interaction for the benefit of inhabitants of a region.

The trip to Kazakhstan was perfectly organized, there were no problems with transportation, with accommodation, or with meals.

CCI France Russie took care of everything, we were not distracted to solve any problems, and all our time was devoted to work and meetings with representatives of the administration and the business community of Kazakhstan. We have concluded two new contracts since our trip.”
